

PLEASE HELP SAVE THE SANTA CLARA RIVER, LOS ANGELES COUNTY'S LAST WILD RIVER

Rally and Hearing for Newhall Ranch/Santa Clara River Permit 6 PM June 11th Requests for Time Extension Needed

Join us for a rally in support of preserving the Santa Clara river and saving a place for all its special creatures at:

**Rancho Pico Middle School,
26250 W. Valencia Blvd., Stevenson Ranch, 91381**

As part of the proposed Newhall Ranch project, Newhall Land and Farming has released a plan that describes how animals and vegetation will be managed on its project along the Santa Clara River. It will affect our community for many decades to come, but we only have until June 26th to review this 16,000 page plan. Community members and biologists need more time!

Please come to our rally and tell the hearing officers that:

We need a 120 day extension because

- The document is voluminous, totaling thousands of pages
- Some of the data seems to be inconsistent and must be researched
- Experts need time to check the accuracy of the data

If you can't attend the hearing please write or email to:
