Share the Club's legacy with Yosemite visitors

The Yosemite Conservation History Center (formerly known as LeConte Memorial Lodge) is a National Historic Landmark building that represents the rich heritage of the Sierra Club in Yosemite Valley. The building houses several interpretive displays, a children's nature corner, a library, art projects and evening programs. Since 1904 a curator and Club volunteers have provided information to park visitors. Today the program welcomes over 15,000 visitors to the Sierra Club's spiritual home in Yosemite Valley. Volunteers are needed now as the building reopens for its 113th season on May 3. You'll spend a week helping the curator and welcoming visitors. And you get free park admission and tent camping in a group campsite. Volunteers must be outgoing and comfortable talking with park visitors, have visited Yosemite within the last two years and have current park knowledge and be familiar with current Sierra Club programs and initiatives. To volunteer, contact Bonnie Gisel at (209) 347-7300. --Michael Bryant

New Sierra landmark at 11,975 feet

If you want to visit the John Muir Memorial Shelter, grab your hiking boots and a well-provisioned backpack. Chapter leaders Beth and Keith Martin hiked in during a weeklong trip this summer to the shelter, aka the Muir Hut, atop 11,975-foot Muir Pass in Kings Canyon National Park. The reason? Sierra Club national organized a re-dedication ceremony at the hut which the Club built in 1930 to honor John Muir and provide shelter for anyone in need. The hut was placed on the National Register of Historic Places in 2016, cause for a celebration that took place on the exact anniversary of the founding of the National Park Service (Aug. 25, 1916). A new bronze landmark plaque arrived by mule, and a John Muir re-enactor appeared with Club staff members and volunteers to mark the event.

Activities and Outings Skill Level Rating Codes

The Angeles Chapter Safety Committee has established the following classifications for all chapter-sponsored outings to differentiate the levels of skill required of participants and event leaders. Classifications do not relate to outing strenuousness.

- C** Events conducted by a non-Sierra Club entity (e.g., concessionaire).
- 0** Uncomplicated outings such as city walks, bike rides, trail hikes, backpacking. May involve simple off-trail hiking not requiring navigation skills. Climbing level: *Class 1 terrain*.
- 0-2** An "0" backpack.
- I** Outings that involve cross-country travel where navigation is necessary. Rougher ground than **0** outings may be traversed, and the use of hands for balance may be necessary. Includes outings that have snow travel or skiing on easy terrain. Climbing level: *Class 2 terrain*.
- M** Moderate-level climbing: *Class 3 terrain*. On rock, the hands are used for climbing. Some participants may want a safety belay. On snow, safety dictates the use of ice axes and the ability to self-arrest. **MR**: "M" + Restricted.
- E** More exposed than **M** outings. Climbing on *Class 4 terrain*. Rock climbs will use a rope for all in the party. On snow, steeper terrain than **M** outings is permissible, and safety dictates the use of crampons. **ER**: "E" + restricted.
- T** Technical outings requiring specialized skills as identified in the sponsoring group's safety policy.

Program: Join us on a Tom Getz photographic journey to Brazil's Pantanal Region: the world's largest fresh-water wetlands--ten times the size of the Everglades. Ecotourism has provided incentive for cattle ranchers to preserve the wetlands and accommodate nature exploration, including bird watching. Photos will include such magnificent birds as the Hyacinth Macaw, the largest of the parrots and considered endangered, the Toco Toucan, Jabiru, Southern Screamer, Harpy Eagle, and the Greater Rhea. Nature watching by small boats brought opportunities to observe Sunbitterns, Amazon Kingfishers, Agami Heron, iguanas, monkeys, hawks, caimans and the Giant Otter. Hiking in the forests brought Tom face to face with photographing the Helmeted Manakin, Puffbird, Aracari, parrots, hummingbirds and woodpeckers. Night excursions revealed the elusive Jaguar and feeding capybaras. Tom and Carol's stay at an 18th century monastery allowed Tom to capture images of the Mane Wolf up close. Tom met his wife, Carol, on a Sierra Club camping trip through Joshua Tree and they have traveled the world over, including Antarctica, China, much of Africa and South America. Come join us for an awe inspiring photojournalistic trip through the infamous Pantanal Wetlands of Brazil Find out about the Sierra Club and pick up Schedules of Activities. Hike on over to the Community Room, REI 2962 El Camino Real, Tustin.

8:00 am - March for Science LA

Angeles Chp Orange Cty Singles Activist Event

O: The March for Science is a celebration of our passion for science and a call to support and safeguard the scientific community. Recent policy changes have caused heightened worry among scientists, and the incredible and immediate outpouring of support has made clear that these concerns are also shared by hundreds of thousands of people around the world. The mischaracterization of science as a partisan issue, which has given policy-makers permission to reject overwhelming evidence, is a critical and urgent matter. It is time for people who support scientific research and evidence-based policies to take a public stand and be counted. If you care about the future of the Environmental Protection Agency; the National Forests, Monuments, and Parks; the National Science Foundation; the Center for Disease Control; clean air and clean water, then join us on April 22. We will meet at the Fullerton Metrolink Station at 8:15 am to board the 8:39 train the LA Union Station, where we will join Sierra Club members from across LA and Orange Counties, as well as tens of thousands of other scientists, science enthusiasts, and just regular citizens concerned about the air we breathe and the water we drink.

8:00 am - Josephine Peak (5558')

Angeles Chp Hundred Peaks Outing

O: Josephine Peak (5558') – Come join us for a pleasant outing to a mile high peak in the front range of the San Gabriel Mountains. No peak in the Angeles National Forest west of Josephine is taller. There was a fire lookout located at the summit from 1937 until it burned down in 1976. Josephine Peak is a simple out and back trek using the remote and scenic Colby Canyon trail and finishing with a short bit of fire road. The views from the summit offer great sight-lines into the interior of the San Gabriel Mountains, the L.A. basin, south to Catalina Island, and to the east, nearby Strawberry, Lawlor, and beyond. Total trip distance is about 8 miles with an elevation gain of around 1900'. Bring 2-3 liters of water, sun hat, sun block, food, snacks, layers of clothing and hiking shoes. This moderate paced hike is geared towards those who want to increase their awareness of our San Gabriel Mountains and to add a Hundred Peaks Section (HPS) summit to their accomplishments! Please contact the Leader for details. MIKE DILLENBACK

THE BIG THREE - McKinley Mountain (6200'), San Rafael Mountain (6593'), Santa Cruz Peak (5570')

Angeles Chp Hundred Peaks Outing

I: THE BIG THREE - McKinley Mountain (6200'), San Rafael Mountain (6593'), Santa Cruz Peak (5570'): Very strenuous, moderately paced backpack in central Santa Barbara County. This is a very remote area known for its beautiful wildflowers. This "exciting" and "fun" backpack mostly follows dirt roads and potentially overgrown use trails, but the off-trail excursions promise to be the most interesting. Following a 7.5-mile hike from the trailhead, drop overnight gear at McKinley Spring Camp, whose spring will provide water for the rest of the outing. This event satisfies WTC experience trip requirements. Two-day totals: 34 miles, 8800' gain. Participants will be provided with details within a few days of the outing. This HPS Outing is co-sponsored by WTC. Email leader with recent conditioning, experience, city, and phone. Leader: MIKE DILLENBACK

Ian Campbell (10,623)

Angeles Chp Wilderness Trainin Outing

I: Join us on this overnight trip in the Sierra National Forest from Florence Lake (7,333) to Ian Campbell Peak. The drive over Kaiser Pass is long, narrow and tedious for about 15 miles around to Florence Lake. However, the two day hike will be easy and the pace will be slow. Saturday we'll hike in (3.7 miles, 2,000 gain) to camp at Crater Lake (9,354') and end Saturday with a fantastic Potluck dinner. Along the way we'll pass the Manse Meadow. Be prepared for mosquitos in the early summer months. Early Sunday we'll bag Ian Campbell Peak, (2.8 mi, 1,190 gain rt). Ian Campbell is perched well above the south fork of the San Joaquin. It takes in a large portion of the John Muir Wilderness and Kings Canyon high Sierra from Mammoth Lakes to Mt. Goddard and beyond as well as Yosemite and the Ritter Range to the north. The bird's eye view down toward Goddard Canyon and Evolution Valley only add to the awesomeness and give you a geological taste of how rivers cut deep as mountains rise up. After we pack up we'll return 3.7 mi to Florence Lake. Preference will be given to WTC students. This trip qualifies as a Wilderness Experience trip, (max. group size 15). The total for the two days will be 10 miles with 3,200 elevation gain. Email recent conditioning, experience and WTC Group to the leader for trip status and details

Mount Langley (14,026), Cirque Peak (12,900)

Angeles Chp Wilderness Trainin Outing

I: Join us for a late summer weekend high up in the John Muir Wilderness to climb a couple of classic and wildly scenic Sierra Peaks south of the Whitney Massif. Friday we'll pack in from Horseshow Meadows (10,050') over trail at a moderate pace for about 7.0 miles with 1,800' to our camp at High Lake (11,500'). Saturday we'll set out early to make our way up New Army Pass and cross into Sequoia National Park; from here we'll travel north over cross country terrain up the barren southern slopes of Mt Langley. After enjoying spectacular views up top we'll return to our camp the way we came in for a day's total of 7.2 miles and 2,900' of gain. Back at camp we'll celebrate the day with a festive Happy Hour and turn in under nearly full moon-lit night skies. Sunday we'll set out at first light to make our back up New Army Pass and into Sequoia NP again; this time we'll head SW and then SE along the ridge crest until we find ourselves atop Cirque Peak. We'll enjoy the magnificent summit views and then make our way back to camp for a total of 5.6 miles and 1,600' of gain. Back at camp we'll pack up and head out the same way we came in. Permit severely limits group size and permit costs (about \$10 per person) will be split among the group. This WTC outing is co-sponsored by SPS. Email Mat Kelliher at mkelliher746@gmail.com with contact and carpool info, recent conditioning and experience, including high-altitude experience, for trip status and details.

Bristlecone Pine Trees and White Mountain (14,252') Car Camp and Hike

Angeles Chp Wilderness Advntr Outing

O: Bristlecone Pine Trees and White Mountain (14,252') Car Camp and Hike: Saturday see the oldest living trees in the world in the company of a

naturalist who will share knowledge of the ecosystem (and maybe even about dendrochronology!) at the Schulman Grove of Bristlecone pine trees (about 4 miles, 1,000' gain). Sunday, hike to the top of California's 3rd highest peak with spectacular views of the Sierra Nevada crest and the mountains and basins of Nevada. Stay 2 or 3 nights (Friday, Saturday; Sunday optional) at a desert/Pinon pine forest campsite in the White Mountains. Happy hour and campfire Saturday night. Monday - optional visit to Manzanar. Although we will be camping at 7,300 ft to help acclimatize, participants will be subject to the rigors of even higher altitude hiking (around 10,000 ft for the Schulman Grove and over 14,000 ft for White Mountain). The hike to the top of White Mountain requires strong conditioning and hiking experience for its 14 miles, 2,500 ft gain. No water available at campsite, so participants must bring sufficient water for all days. High clearance vehicles (drive or share ride) and early start required for drive to White Mountain (estimated 2 hours from camp). This trip fulfills one day of Environmental Education credit for prospective I-rated leader candidates. Send email with contact information, hiking and camping experience and conditioning to leader. If approved for trip, will need to send check for \$25 written to Wilderness Adventures and rideshare information to leader. Leader: Mark Mitchell, Co-leaders: Bob Cody, Jeff Taylor, Tejinder Dhillon; Bristlecone Pine Naturalist: Jean Dillingham.

Saturday we will leave early from Convict Canyon, crossing Convict Creek and climbing the steep trail to Mildred Lake (5 miles, 3k gain). **Everyone is invited
to join us.
Follow us, we know
the way.**

The Angeles Chapter leads these outdoor activities as a public service to everyone interested in coming along. We offer diverse physical activities — walks, hikes, kayaking, bicycling, backpacking, outdoor photography and more— all covered in these pages.

Activities range from short to long, easy to hard, day walks to over-night backpacks, nearby hikes in the city to hikes in our local mountains and wilderness areas. Some events are tailored for families and

beginners. Others aim to suit tigers who want a vigorous workout. Weekly conditioning hikes can help get and keep you fit. Wilderness hikes can help you experience the best of scenic Southern California.

So, step away from that sedentary lifestyle and join us. Learn first-hand about the thousands of miles of trails that surround the city from people who know the way. And see the wonders of Southern California's wild side.
