SCHEDULE OF ACTIVITIES

Great Outdoor Adventures in Los Angeles and Orange Counties

March 2016
Web Update

Everyone is invited to join us.

Follow us, we know the way.

The Angeles Chapter leads these outdoor activities as a public service to everyone interested in coming along. We offer diverse physical activities — walks, hikes, kayaking, bicycling, backpacking, outdoor photography and more— all covered in these pages.

Activities range from short to long, easy to hard, day walks to overnight backpacks, nearby hikes in the city to hikes in our local mountains and wilderness areas. Some events are tailored for families and beginners. Others aim to suit tigers who want a vigorous workout. Weekly conditioning hikes can help get and keep you fit. Wilderness hikes can help you experience the best of scenic Southern California.

So, step away from that sedentary lifestyle and join us. Learn first-hand about the thousands of miles of trails that surround the city from people who know the way. And see the wonders of Southern California's wild side.

Activities and Outings Skill Level Rating Codes

The Angeles Chapter Safety Committee has established the following classifications for all chapter-sponsored outings to differentiate the levels of skill required of participants and event leaders. Classifications do not relate to outing strenuousness.

- C** Events conducted by a non-Sierra Club entity (e.g., concessionaire).
- O** Uncomplicated outings such as city walks, bike rides, trail hikes, backpacking. May involve simple off-trail hiking not requiring navigation skills. Climbing level: *Class 1 terrain*.
- I** Outings that involve cross-country travel where navigation is necessary. Rougher ground than **O** outings may be traversed, and the use of hands for balance may be necessary. Includes outings that have snow travel or skiing on easy terrain. Climbing level: *Class 2 terrain*.
- M** Moderate-level climbing: *Class 3 terrain*. On rock, the hands are used for climbing. Some participants may want a safety belay. On snow, safety dictates the use of ice axes and the ability to self-arrest.
- E** More exposed than **M** outings. Climbing on *Class 4 terrain*. Rock climbs will use a rope for all in the party. On snow, steeper terrain than **M** outings is permissible, and safety dictates the use of crampons.
- T** Technical outings requiring specialized skills as identified in the sponsoring group's safety policy.

6:30 pm - African Photo Safari

Angeles Chp Orange Cty Singles Club Support Event

Program: Angeles Chapter Sierra Club members Steve and Linda Velasco will share photos taken on their recent 6-week journey to Africa. Their adventure took them to Rwanda where they trekked for hours through the Parc National de Volcans to observe three mountain gorilla families. The next stop was South Africa where trackers and guides helped discover the indigenous and endangered African wildlife including wild dogs, Rhinoceros, Elephant and Leopards. Their journey ended in Namibia where they experienced the hot and desolate Namib Desert including the mountainous sand dunes of Sossuvlei, the red Kalahari Desert, a stand Quiver Trees, one of the ten most endangered trees on the planet. The journey continued on to Luederitz where there were wild horses living in the stark desert and the abandoned diamond rush town of Kolmansuppe built during the turn of the last century. The local legend says the diamonds were literally lying on the ground. The town is now being consumed by the ever-shifting sand dunes. During their time in Namibia they discovered a surprisingly varied selection of wild inhabitants living in the unforgiving desert environment. Bring a friend and come and join us at REI Tustin, 2962 El Camino Real, Tustin, CA 92782. Hike on over to the Community Room.

Saturday we'll head south up a long ridge and enjoy fantastic views down into Eureka Valley as well as of the seemingly numberless peaks and ranges that surround us as we make our way to Sandy Point. Saturday night we'll camp out at the primitive and dry Eureka Dunes Campground and enjoy a festive Happy Hour and Potluck under star-packed, new moon night skies. Sunday we'll head up through the Pinyon Pine and Juniper filled slopes of Last Chance Mountain, upon whose summit we'll relish the superb views that can only be found atop P2K peaks. Pilgrim's Route, Spain: El Camino Inglés to Santiago de Compostela

Angeles Chapter Outing

O: In 1147 a group of English warships en route to the Holy Land, where they were to join the 2nd Crusade, interrupted their voyage to make the pilgrimage to Santiago de Compostela in Spain, and thus the Camino Inglés was born. Ever since, pilgrims from the British Isles, Scandinavia, Iceland, and beyond have come ashore in Coruña and Ferrol to walk to Santiago. We follow in their footsteps right from their ancient landing site on the Atlantic coast. For the first days, our route follows a huge estuary as we walk from Ferrol to Bentanzos. Along the way we pass through towns and visit churches that have welcomed pilgrims for hundreds of years. After Betanzos, we begin a moderate climb toward Santiago de Compostela, and avoid the most strenuous stretches thanks to our private bus. We reach Santiago after six days of walking (covering an average of 11 miles each day) where, for the first time, we'll be among masses of pilgrims and tourists that flock here from all corners of the world. The cost of \$2300 (\$2400 for non-members) includes transportation ; 9 nights lodging in twin bedded rooms with private bath (single supplement \$320); all breakfasts and dinners; 3 guided walking tours including entrance fees. A \$500 deposit will hold your place on the trip with the remainder due by March 1, 2016. For a detailed itinerary, complete terms & conditions, and to apply, contact Ed Maurer.

Sandy Point (7,062'), Last Chance Mountain (8,456')

Angeles Chp Desert Peaks Outing

I: Sandy Point (7,062'), Last Chance Mountain (8,456') – #Hikethe100 Join us for a late autumn weekend in the Last Chance Mountains way up in northern Death Valley National Park near Scotty's Castle, CA. Both peaks require a strenuous effort, which we'll exert at a moderate pace, and will require comfort on rocky, thorny, steep, and loose class 2 desert terrain. Saturday we'll head south up a long ridge and enjoy fantastic views down into Eureka Valley as well as of the seemingly numberless peaks and ranges that surround us as we make our way to Sandy Point. We'll return the way we came, with a brief diversion to the imaginatively named Peak 6277, for a day's total of about 11.0 RT miles with 2,700' of gain. Saturday night we'll camp out at the primitive and dry Eureka Dunes Campground and enjoy a festive Happy Hour and Potluck under star-packed, new moon night skies. Sunday we'll head up through the Pinyon Pine and Juniper filled slopes of Last Chance Mountain, upon whose summit we'll relish the superb views that can only be found atop P2K peaks. We'll return the way we came in for a day's total of about 5.0 RT miles with 3,000' of gain. Feel free to join us
