Activities and Outings Skill Level Rating Codes

The Angeles Chapter Safety Committee has established the following classifications for all chapter-sponsored outings to differentiate the levels of skill required of participants and event leaders. Classifications do not relate to outing strenuousness.

- C** Events conducted by a non-Sierra Club entity (e.g., concessionaire).
- O** Uncomplicated outings such as city walks, bike rides, trail hikes, backpacking. May involve simple off-trail hiking not requiring navigation skills. Climbing level: *Class 1 terrain*.
- I** Outings that involve cross-country travel where navigation is necessary. Rougher ground than **O** outings may be traversed, and the use of hands for balance may be necessary. Includes outings that have snow travel or skiing on easy terrain. Climbing level: *Class 2 terrain*.
- M** Moderate-level climbing: *Class 3 terrain*. On rock, the hands are used for climbing. Some participants may want a safety belay. On snow, safety dictates the use of ice axes and the ability to self-arrest.
- E** More exposed than **M** outings. Climbing on *Class 4 terrain*. Rock climbs will use a rope for all in the party. On snow, steeper terrain than **M** outings is permissible, and safety dictates the use of crampons.
- T** Technical outings requiring specialized skills as identified in the sponsoring group's safety policy.

We'll turn to the west here and continue our Class 3 romp along the East Ridge all the way up to the summit of Conness. After enjoying the phenomenal summit views, we'll head back to camp for a day's total of about 7.0 miles and 2,300' of gain, and partake in additional leisurely lake lounging and another Festive Happy Hour. Sunday we'll rise before the sun again and make our way over to the East Ridge of North Peak for another fun scramble up through Class 3 terrain to the summit of that fine peak. We'll partake in the views up top and then return to camp (4.0 miles RT, 1,950' gain) where we'll pack up and head out. To reserve a spot on the trip send a \$30.00 check (payable to the Sierra Club Camera Committee – refunded at the start of the trip), an email address or sase, phone numbers and carpool info to Peter. When I receive your check, I will send you the trip sheet with all the details to help you plan for the trip. Red Rock Canyon State Park Car Camp

Angeles Chp Natural Science Outing

I: Join us in exploring the third and most magnificent of the three Red Rock Canyons in California. The Natural Science Section is sponsoring a car camping and day hiking extravaganza to Red Rock Canyon State Park, which features the spectacular red cliffs, spires, and canyons of the Ricardo Formation, made of volcanic and sedimentary rocks deposited between approximately 19 and 6 million years ago. We will camp beneath these cliffs in the Ricardo Campground and hike through the amazing Nightmare Gulch, a canyon so unearthly it has been used to film horror movies. But don't be afraid! The scariest beasts in the park are raptors and your co-leaders, including Jay Schneider, Sharon Moore and Jim Hagar. The hike is 10.25 miles with just under 1,500-foot elevation gain. This is a moderate hike, mostly off-trail, with the elevation gain spread evenly throughout (no steep sections). We'll be hiking through dry washes with minimal rock scrambling. California Professional Geologist #8787 Jay Schneider will describe the processes that made this canyon so incredible. See ancient lava flows up close, and the remarkable geologic features that wind and rain have created since their formation. Short hikes and a tour through the park's visitor center on Sunday morning. If you need Environmental Awareness credits for your advanced leadership rating, this trip will qualify. Space is limited to 24 participants including the co-leaders so RSVP required. Carpool with one of the leaders early on Friday or form carpools to arrive later on Friday. Cost of trip is \$7 for Sierra Club members, \$10 for non-members, payable to leaders upon arrival at Park. Signup Instructions: To reserve a spot on the trip, please send name, address, phone number, and email address to Jay Schneider at rtnttnj@aol.com Please indicate whether you are willing to drive and how many people you can fit in your vehicle (remember they will be bringing supplies and equipment for a two-night camping trip). Also indicate what time on Friday you anticipate arriving at Park.

Oak in Santa Monica Mountains National Recreation Area

**Follow us, we know the way.
Everyone is invited to join us.**

The Angeles Chapter leads these outdoor activities as a public service to everyone interested in coming along. We offer diverse physical activities — walks, hikes, kayaking, bicycling, backpacking, outdoor photography and more— all covered in these pages.

Activities range from short to long, easy to hard, day walks to overnight backpacks, nearby hikes in the city to hikes in our local mountains and wilderness areas. Some events are tailored for families and beginners. Others aim to suit tigers who want a vigorous workout. Weekly conditioning hikes can help get and keep you fit. Wilderness hikes can help you experience the best of scenic Southern California.

So, step away from that sedentary lifestyle and join us. Learn firsthand about the thousands of miles of trails that surround the city from people who know the way. And see the wonders of Southern California's wild side.
