

The Angeles Chapter of the Sierra Club's Political Committee has made a number of important endorsements. The committee evaluated past environmental records of candidates, completed questionnaires and interviews in making these endorsements.

We urge you to consider the environment when you vote. Only by electing candidates who share the view of the Sierra Club on the importance of the protection of the environment can we make our state the model for the rest of the nation.

For more information about these endorsements, please contact the Political Committee at political@angeles.sierraclub.org.
