Sierra Club Angeles Chapter

Schedule of ACTIVITIES

Hundreds of great Outdoor Adventures in L.A. and Orange Counties
Schedule 322, January 1, 2013 through March 31, 2013
Dear Sierra Club Angeles Chapter Member,

In April, the Angeles Chapter rolled out a new website at angeles.sierraclub.org. It features environmental news, conservation stories, travel adventures and hikes. The changes make the website more user-friendly and easier for you to use to find information about the Chapter, the Sierra Club, and our outings.

Therefore, the Executive Committee has decided that the website will be the primary source for outings information. To find your favorite hike or other activity, just go to angeles2.sierraclub.org and click on Get Outdoors! then click on Find a Hike/Trip/Event. If you place the curser over the hike or event in which you are interested, a pop-up window will show the full information for that hike or event.

The online publication of outings allows for more current entries, corrections, and, by replacing the printed version, it will allow us to use the money saved to continue to conduct our environmental and conservation activities, as well as having a positive environmental impact by reducing the number of trees cut down to make the paper.

We recognize that some of our members do not have internet access or simply prefer a printed copy of the Schedule of Activities. We will continue to print and mail a copy to any member who requests a copy. Just fill out and send in the form below.

NOTE: If you have already sent in your written request for a hard copy of the Schedule of Activities, no further action is required.

We intend to print four issues each year for January, April, July, and October. If you would rather receive this printed version in the future, just send in the information below.

I request a printed version of each issue of the outings and activities be mailed to me:

Outings Classifications

The Chapter Safety Committee has established classifications for all Chapter sponsored outings to differentiate the levels of skill required of participants and the event leaders. This classification does not relate to outing strenuousness
C For outings conducted by a non-Sierra Club entity (i.e. Concessionaire)
O Apples to a variety of uncomplicated outings (i.e. city walks, bike rides, trail hikes, backpacking) May involve simple off trail hiking not requiring navigation skills.
I Includes outings that involve cross-country travel where navigation is necessary. Rougher ground than “O” outings may be traversed, and the use of hands for balance may be necessary. Includes outings that have snow travel or skiing on easy terrain. Climbing level “Class 2” terrain.
M, E, T These are more skilled outings which require moderate to specialized skills, including climbing. Check with the Safety Committee for specific clarification.
SIERRA CLUB WAIVER

All participants on Sierra Club Trips and Outings must review and sign the Waiver of Liability before going on any outing or other activity. The Leader for the activity will provide participants the actual Waiver of Liability to sign at that time. For everyone’s information, the wording of the Waiver of Liability is provided below:

I understand that during my participation in this Sierra Club Outing, I may be exposed to a variety of hazards and risks, foreseen or unforeseen, which are inherent in each Outing and cannot be eliminated without destroying the unique character of the Outing. These inherent risks include, but are not limited to, the dangers of serious personal injury, property damage, and death (“Injuries and Damages”) from exposure to the hazards of travel and the Sierra Club has not tried to contradict or minimize my understanding of these risks. I know that Injuries and Damages can occur by natural causes or activities of other persons, animals, trip members, trip leaders and assistants or third parties, either as a result of negligence or because of other reasons. I understand that risks of such Injuries and Damages are involved in adventure travel such as Sierra Club Outings and I appreciate that I may have to exercise extra care for my own person and for others around me in the face of such hazards. I further understand that on this Outing there may not be rescue or medical facilities or expertise necessary to deal with the Injuries and Damages to which I may be exposed.

In consideration for my acceptance as a participant on this Outing, and the services and amenities to be provided by the Sierra Club in connection with the Outing, I confirm my understanding that:

I have read any rules and conditions applicable to the Outing made available to me; I will pay any costs and fees for the Outing; and I acknowledge my participation is at the discretion of the leader.

The Outing officially begins and ends at the location(s) designated by the Sierra Club. The Outing does not include carpooling, transportation, or transit to and from the Outing, and I am personally responsible for all risks associated with this travel. This does not apply to transportation provided by the Sierra Club during the Outing.

If I decide to leave early and not to complete the Outing as planned, I assume all risks inherent in my decision to leave and waive all liability against the Sierra Club arising from that decision. Likewise, if the leader has concluded the Outing, and I decide to go forward without the leader, I assume all risks inherent in my decision to go forward and waive all liability against the Sierra Club arising from that decision.

This Agreement is intended to be as broad and inclusive as is permitted by law. If any provision or any part of any provision of this Agreement is held to be invalid or legally unenforceable for any reason, the remainder of this Agreement shall not be affected thereby and shall remain valid and fully enforceable.

To the fullest extent allowed by law, I agree to WAIVE, DISCHARGE CLAIMS, AND RELEASE FROM LIABILITY the Sierra Club, its officers, directors, employees, agents, and leaders from any and all liability on account of, or in any way resulting from Injuries and Damages, even if caused by negligence of the Sierra Club its officers, directors, employees, agents, and leaders, in any way connected with this Outing. I further agree to HOLD HARMLESS the Sierra Club, its officers, directors, employees, agents, and leaders from any claims, damages, injuries or losses caused by my own negligence while a participant on the outing. I understand and intend that this assumption of risk and release is binding upon my heirs, executors, administrators and assigns, and includes any minors accompanying me on the Outing.

I have read this document in its entirety and I freely and voluntarily assume all risks of such Injuries and Damages and notwithstanding such risks, I agree to participate in the Outing.

Gourmet Outdoor Cooking for Hikers
The West Los Angeles Group of the Sierra Club is proud to present "Gourmet Outdoor Cooking for Hikers" with The Dirty Gourmet! The Dirty Gourmet was born when Aimee, Mai-Yan, and Emily all found themselves at a crossroads in their lives. Aimee and Mai-Yan had just returned to Los Angeles after a four month bike tour through Canada, and Emily had moved out of her cabin in the woods to live in the real world again. They were all interested in taking on a fun new project together, and decided to turn their shared passion for food and adventure into something tangible. Being the outdoor foodies that they are, they naturally started experimenting with their favorite home recipes in our various outdoor excursions. That led to much success and also a few disappointments. With their combined experiences, they found that they had quite an arsenal of ideas and endless excitement for creating new recipes. On a recent camping trip they prepared a record 14 dishes in one day, and realized two things—that they needed to have more people camping with them (so they wouldn’t eat so much!), but more importantly, that they should share these

February 9, Saturday O: Bedford Peak Jeff Johnson, Laura Rainey Bedford Peak is in the central Santa Ana Mountains, 3800 ft. elevation. Our very moderately-paced hike will be 7 mi. RT, 2000 foot gain and loss, on old fire road now closed to traffic. From the ridges, views northern to the San Gabriel, San Bernardino, and San Jacinto mountain ranges, often under winter snow in February. Our route is low enough that it is rarely snowy. Geological information about this historic mining district from Laura Rainey. Possible stream crossing (on road) to reach the trailhead. Meet 9 AM at the end of Silverado Canyon Road, at the locked gate. If the gate is open, you can drive 200 yards further, cross the stream, trailhead parking just beyond the stream on the left. Adventure Pass required. Bring water, lunch, layers for weather possibilities, trail footwear. You must contact Jeff before the outing – weather conditions may lead to last minute diversion to an alternate trailhead, though that has not happened for several years. Carpooling possible from Long Beach ridershare. Questions? Call Jeff, 562-434-8473.
