

Sierra Sage

Volume 20, Issue 4 Published Bimonthly by the Sierra Sage of South Orange County Group of the Sierra Club
September 1 through October 31, 2012

You are invited to join us at our bi-monthly meeting:

We will discuss environmental issues and conservation issues current to Orange County Residents as well as discuss the various hikes and other activities being presented in Orange County in the near future.

PROGRAM: Why Your Vote Matters – Even if you are voting for Dogcatcher.

The protection of the environment is a non-partisan issue that can be affected by elected representatives at all levels of government. Water Districts, School and Community College Districts, City Councils, County Boards, State Government and the Federal Government all have an impact on our quality of life. Our September meeting will feature a discussion of how the different levels of government directly affect the sustainability of our lifestyles. Learn how a decision by a water board can make a difference in the quality of your water, how a city council or county board can make an impact on your daily life, or what steps can be taken by your state or federal representative to protect public lands, ensure air and water quality standards are met.

San Onofre Task Force Formed

At its August meeting, the Sierra Sage Group Executive Committee approved establishment of a Sierra Club Task Force to keep the public informed regarding the status of the shutdown of all the reactors at San Onofre Nuclear Generating Station and the status of the tests and other investigations being conducted by the staff of Southern California Edison, and the Federal Nuclear Regulatory Commission.

Glenn Pascall has been named as the chair of the task force. Members wishing to serve on the task force should contact Glenn at gpascall@att.net

HELP NEEDED!

We are always looking for members to volunteer to help out in various ways. So of the opportunities to get involved are:

1. We are creating an effort to go to each of the various media offices to introduce ourselves and begin to create a relationship with the editors so that our outings, meetings, and events will get better publicity. We would like to put together teams of two people to make the visits. We have a few already and would really appreciate more volunteers. It will be fun, as well as useful. Contact Mike Sappingfield to help
2. A hospitality chair to coordinate the refreshments at the various meetings would be of great value. Contact Patty Sappingfield for more information and to help.
3. Assistant Membership Chair — will work with the current Membership Chair to contact new and prospective members to provide information and to answer their questions as well as assist them to join the Sierra Club.
