Activities and Outings Skill Level Rating Codes

The Angeles Chapter Safety Committee has established the following classifications for all chapter-sponsored outings to differentiate the levels of skill required of participants and event leaders. Classifications do not relate to outing strenuousness.

C -- Events conducted by a non-Sierra Club entity (e.g., concessionaire).
O -- Uncomplicated outings such as city walks, bike rides, trail hikes, backpacking. May involve simple off-trail hiking not requiring navigation skills. Climbing level: Class 1 terrain.
O-2 -- An “O” backpack.
I -- Outings that involve cross-country travel where navigation is necessary. Rougher ground than O outings may be traversed, and the use of hands for balance may be necessary. Includes outings that have snow travel or skiing on easy terrain. Climbing level: Class 2 terrain.
M -- Moderate-level climbing: Class 3 terrain. On rock, the hands are used for climbing. Some participants may want a safety belay. On snow, safety dictates the use of ice axes and the abil- ity to self-arrest. MR: “M” + Restricted.
E -- More exposed than M outings. Climbing on Class 4 terrain. Rock climbs will use a rope for all in the party. On snow, steeper terrain than M outings is permissible, and safety dictates the use of crampons. ER: “E” + restricted.
T -- Technical outings requiring specialized skills as identified in the sponsoring group’s safety policy.

Meet at the Griffith Park upper merry-go-round parking lot #2. The hikes start at 7PM sharp. Come early to complete waiver form. O: Best of Arroyo Trabuco: 6.2 mi, c. 515 gain, 4-5 stream-crossings. Join us on this easy/moderate hike to experience the lush riparian beauty of the Arroyo, where surrounding suburbia seems very far away. Starting from Curtis Park in Mission Viejo, well descend into the Arroyo and take the main trail past meadows and through shady woods of sycamore and oak, almost to the Oso Bridge. There we turn aside onto a lovely singletrack (look for the bicycle in the tree!) that eventually takes us up to the Las Flores neighborhood and the top of Tijeras Trail. Descending again, we rejoin the main trail for a way before returning to Curtis by a different route, completing our second loop of the day. Bring water, snack, hiking shoes, poles for stream-crossings. Optional lunch afterwards in a nearby restaurant—various choices. Meet 9:00 am at Curtis Park, 24460 Olympiad, M.V. This is an overnight backpack into the Santa Rosa Mountains above Palm Desert. Saturday we will hike in to Horse Thief Creek (2.9 miles, 120 ft gain, 720 ft loss), establish our campsite, and switch to summit packs. From there we will do a part trail/part cross country day hike to the relatively infrequently climbed Sheep Mountain (8 miles, 2100 ft RT). Named for the Peninsular Big Horn Sheep, dont get your hopes up for a rare sighting, but come to appreciate the habitat these rugged creatures live in and to cop some excellent views of Palm Desert and the Coachella Valley. We will return to camp for a traditional Happy Hour Pot Luck. On Sunday we will get an early start to climb Martinez Mountain which overlooks Martinez Canyon, a major route for Cahuilla Indians crossing to the Coachella Valley (11 miles, 2100 ft RT). We will return mid-afternoon and break camp before returning to the cars before sundown (2.9 miles, 720 ft gain). At the edge of the mountains and the desert, this is a great place to practice and learn navigation skills. Camp and trail water is available at Horse Thief Creek. Preference given to WTC Students needing an Experience Trip. For more details send hiking resume and recent conditioning to r.r.gillock@ieee.org
