Activities and Outings Skill Level Rating Codes

The Angeles Chapter Safety Committee has established the following classifications for all chapter-sponsored outings to differentiate the levels of skill required of participants and event leaders. Classifications do not relate to outing strenuousness.

C -- Events conducted by a non-Sierra Club entity (e.g., concessionaire).
O -- Uncomplicated outings such as city walks, bike rides, trail hikes, backpacking. May involve simple off-trail hiking not requiring navigation skills. Climbing level: Class 1 terrain.
O--2 -- An “O” backpack.
I -- Outings that involve cross-country travel where navigation is necessary. Rougher ground than O outings may be traversed, and the use of hands for balance may be necessary. Includes outings that have snow travel or skiing on easy terrain. Climbing level: Class 2 terrain.
M -- Moderate-level climbing: Class 3 terrain. On rock, the hands are used for climbing. Some participants may want a safety belay. On snow, safety dictates the use of ice axes and the ability to self-arrest. MR: “M” + Restricted.
E -- More exposed than O outings. Climbing on Class 4 terrain. Rock climbs will use a rope for all in the party. On snow, steeper terrain than M outings is permissible, and safety dictates the use of crampons. ER: “E” + restricted.
T -- Technical outings requiring specialized skills as identified in the sponsoring group’s safety policy.

This is a two day backpacking trip to four peaks in the San Bernardino National Forest. This trip features a burnt forest, a waterless lake, and miles and miles of cross country travel with two of the most delightful leaders you will ever meet. On Saturday morning, we backpack in 5.4 miles with 2400 foot gain at a moderate pace from South Fork trailhead to camp at Dry Lake. Sunday, we’ll go cross country up to Grinnell mountain (10,284), then down a gully and back up to Fish Creek Peak (9,942) and 10K Ridge (10,094), then make our way to Lake Peak (10,161), before heading back to our camp. We’ll be traveling over 4 miles cross country and gaining 2000 feet so bring a good attitude, a thirst for adventure, and an ability to push through pain. We’ll pack up our camp and head back down the trail Sunday afternoon. If interested, please email me your hiking resume to Su Yi (gosugo@hotmail.com) and cc: my lovely assistant leader Jason Seieroe (jasonseieroe@gmail.com). Preference will be given to WTC students and people who can bake a pizza at altitude.

I: Pilot Knob (12,245') Join us for this moderate three day trip up into the gorgeous Humphreys Basin west of North Lake in the Eastern Sierra Nevada. Friday morning we'll meet near North Lake (9,345') and pack in at a relaxed, but determined pace west along creek side trail and up past a series of gorgeous alpine lakes up to and then over Ptue Pass (11,423') before dropping down into the spectacular Humphreys Basin and making our way northwest to our camp for the weekend near the shore of Lower Desolation Lake (11,100'). Expect a day's total of about 7.5 miles with 2,600' gain. After setting up camp, relaxing a bit, and catching a fish or two, we'll settle in for a festive Happy Hour under the last quarter moon lit, summer night skies. Saturday we'll head off cross country to the west and summit the wildly scenic Pilot Knob. After thoroughly enjoying the spectacular views surrounding us up there, we'll head back to our camp and enjoy an afternoon of swimming, fishing, lounging and/or snoozing. Expect a day's total of about 3.0 miles and 1,750' gain. That evening we'll celebrate with an even more Festive Happy Hour than the night prior. Sunday we'll pack up and then head out the same route we came in on. Amateur anglers need a valid CA fishing license. Permit dramatically limits group size, and permit costs will be split among the group (about $10 each). This is a WTC Outing co-sponsored by SPS. Email recent conditioning and experience, including high altitude experience, WTC (if any) Area & Group, along with contact and vehicle/rideshare information, to mkelliher746@gmail.com for trip status and details. O: Vogelsang Peak (11,493’) Join us for a couple of pleasant days in wildly scenic Yosemite NP on this overnight trip to climb a classic Sierra Peak in the Cathedral Range. Saturday we pack in out of Tuolumne Meadows at a relaxed, but purposeful pace on trail alongside Rafferty Creek up and over Tuolumne Pass and beyond. Once we reach Vogelsang Lake we will travel cross country around its western shore and set up camp near its headwaters to the south. Distance for the day will be about 8.0 miles with 1,900’ of gain. At camp that night we will celebrate the gorgeous country we find ourselves in with a Festive Happy Hour under full moon lit, summer-night skies. Sunday we continue our southern course cross-country up to and then along the Eastern Ridge of Vogelsang Peak to its summit, where we will savor the expansive views all around us before heading back down to our camp for a total of 2.0 RT miles with 1,200’ of gain. Back at camp we will pack up and head out the same way we came in. Satisfies WTC Experience trip requirements. Permit limits group size and permit costs (about $10 per person) will be split among the group. This WTC outing is co-sponsored by SPS. Email Mat Kelliher at mkelliher746@gmail.com with contact and carpool info, recent conditioning and experience, including high-altitude experience, for trip status and details. Leave early Friday morning for a 3-night stay in Yosemite's winter wonderland. This is the best time to be in the park. The air is fresh & clear; the crowds are few & there is always enough snow at Badger Pass. Skiers & non-skiers both welcome. There will be ample time to do whatever you wish: ski, snowshoe, hike, ice-skate, photography or even just loaf. The park has restaurants, museums, a visitor's center, an Indian Village, gift shops & ranger programs.
